

Safe automatic disinfection

Manual disinfection is tedious and always leaves room for error.
Automate your disinfection to **save time and ensure total safety**.
The Mobiwatch device and product combination disinfects all your accessible and inaccessible surfaces, as well as all equipment within the treated area.

Minibio solution complies with European standard EN 17 272

The MiniBio diffusion system

Diffuses a 'dry mist' into the atmosphere that saturates the space and eradicates pathogenic microorganisms.

Disinfects all surfaces, both accessible and inaccessible!

2-year warranty

Features

- Compact unit
- Fully automatic
- No need to tie up staff
- Suitable for all types of premises
- Optimised amount of disinfectant dispensed
- Rapid fogging
- Disinfection traceability
